Dear Fellow Benton Countians

As the primary election draws near, I find that I am unable to see and discuss my candidacy with each of you individually.

My wife has been in a local hospital for several days and has been transferred to Vanderbilt Hospital in Nashville. Naturally, I am going to spend all the time with her that is possible. When the operation is over I will be back with you soliciting your support.

I believe you will find that 14 years as a state trooper and sergeant, and being 44 years old, I am qualified to serve you - day and night - as sheriff of Benton County.
