Personally appeared before me, J.R. Presson a Notary Public in and for said county and state, Thomas L. Green with whom I am personally acquainted, and who makes oath in due form of law that the inclosed, or attached, statement shows all the income he has received from his farm for the year 1913, also his living expenses and the expenses in keeping up said farm for the same period of time, and that he has received no other income from any source whatever.

He further states that he owns only 131 acres of land valued at \$1000.00. and unless he was able to work the income from said land is not sufficient to make him a support, as a very large per-cent of it is not fit for cultivation.

He further states that in making out his first application he reported that he owned 150 acres of land, but after referring to his deed he finds that he has only 131 acres.
